# 2. Signs and Markers

Mine identification sign is in place at the entrance into the permit area. The sign contains the required information.

### 4.a Hydrologic Balance: Diversions

Snow pile placed in the diversion In the upper storage yard just down from the storage building.

#### 8. Noncoal Waste

A few items of noncoal waste were observed along the side of the building just before the fan. The items need to be picked up and placed in the noncoal storage facility.
